## Profile

Solution-driven Web Developer adept at contributing to highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer-focused websites and Web-Apps using HTML, CSS, React.js, Next.js, Typescript, JavaScript, .NET, WordPress, Node.js. Designed and developed web applications across multiple APIs, third-party integrations and databases. Good knowledge of the best practices for web design, user experience, solving code problems and speed.

## Work Experience

○ May 2023- Jun 2024  
Innov8 Technology Hub | Airport Road Abuja

### Web Developer

At Innov8 Hub, I created and improved the user interface and experience for the website, making it user-friendly and visually appealing. I built responsive and interactive website components, ensuring compatibility across devices. I managed server-side tasks, handled databases, and maintained the website's infrastructure, implementing security measures and performance optimizations to keep the site safe and efficient. Regular audits and optimizations were conducted to enhance speed and performance, and I resolved technical issues to ensure smooth operation. Additionally, I managed staff email accounts and regularly updated website content to keep information current and engaging.

○ Jun 2023 - May 2024  
i-FAIR

### Web Developer

At i-FAIR, I designed user-friendly and attractive interfaces to enhance user experience. I developed and maintained the website's front-end, ensuring it was responsive and easy to use, while managing server operations and integrating back-end systems. I ensured the database was secure and efficient in handling data storage and retrieval, and improved website security and performance for quick load times. Regular optimizations were performed to maintain smooth operation, and I promptly fixed technical issues. I also kept the website content updated and relevant.

○ Dec 2023 - April 2024  
Skill "G" Nigeria LTD | Abuja, Nigeria

### Web Designer/Web Manager

At Skill "G," I created and maintained a responsive and visually appealing front-end for the website, managing the back-end to ensure seamless integration and efficient data handling. I took care of the database, ensuring secure and effective management, and implemented measures to optimize security and performance. Regular website optimizations were conducted for better speed and user experience, and technical issues were resolved promptly. I also managed email systems for staff to ensure secure communication and kept the website content up-to-date and engaging for visitors.

- Problem Solving
- Creativity
- Critical Thinking
- Teamwork

## Certifications

Sololearn | Mar 2023

**C# Intermediate**

Google Developers Group | 2023

**JavaScript Algorithms and Data Structures**

FreeCodeCamp | Jul 2023

**Responsive Web Design**

Sololearn | Sep 2023

**jQuery**

AltSchool Africa | May 2024

## Projects

- QR Code Generator
- Social Media Web Application (HowFa)
- Chat Web Application
- Landing Page for Scissors
- e-Commerce Web Application that allows crypto payments(BTC, ETH)

Jan 2023 – Mar 2023

IngleSwitch | Lagos, Nigeria

### Full Stack Software Engineer Intern

As a Full Stack Software Engineer Intern, I worked with experienced developers and designers on projects using .NET, C#, MVC, jQuery, and Angular, Typescript. I developed and debugged application programs, often working independently. I made sure my code was ready for production and proficiently used both front-end and back-end frameworks. I also collaborated with web designers to create sleek and innovative UI designs for our projects.

## Volunteer Experience

Jun 2023 – Dec 2023

Skill "G" Nigeria LTD | Abuja, Nigeria

### Website Manager

Managed web content and functionality as a dedicated Web Manager for Skill "G" Group during a rewarding volunteering experience. Leveraged WordPress as the content management system to ensure a user-friendly and dynamic online presence. Effectively coordinated with team members to update and enhance the website, contributing to the group's digital success.

Apr 2023 – Present

Open Source Community Africa (OSCA)

### Social Media Manager

I Played a pivotal role in crafting and implementing effective social media strategies to enhance the organization's online presence. Managed various platforms, curated engaging content, and fostered community interactions. Contributed to the successful promotion of OSCA's initiatives, events, and values through thoughtful and impactful social media management.
